

VSEA CANDIDATE SURVEY

1) Yes, I think it should be state employees doing the work, if the state was to contract work out it would cost much more

2) How would i improve safety of state workers? I would make all state buildings to where they were all set up for lock down.

Install more security cameras and create panic alarms.

3) First thing we need to do is get the website working the correct way. I will vote for what's best for all Vermonters when it comes to cost for Health care

4) I will only support what's best for all employees

5) I would expect the best out of all employees that's employed by the State of Vermont.

6) Better budgeting, when it comes to contracting things out pick what's best for the best buck

7) Education, i would work on 2 years of free college tuition

8) I would try to get more college students to go to state colleges

9) I support raising the Min wage to a 15.00 livable wage

10) I was born and raised in Franklin County, raising a family of 8 children. I've got 17 years of public safety within Franklin County

I am a VT EMT and have served several years on the Fire Dept. and Ambulance service. I was honored by Governor Shumlin was appointed to be on the Drug and alcohol council in 2015.

I think it would be great to get the endorsement from VSEA. If I do receive the endorsement it would be the first one since the Primary election. I hope to hear good news

Joshua Aldrich
Franklin 5
Candidate for State Rep
