To My VSEA Friends,

I am not a fan of surveys, generally. I do not think they give a full measure of a person or the values that person carries.

After 15 years in the House, my positions should be pretty well known by now. I think I can safely say that I have supported the VSEA positions at LEAST 95% of the time, probably closer to 98%. That alone should earn me your endorsement.

In this election, I am running, along with my District-mate Mary Hooper, against two Progressive candidates, neither of whom are well known. We have beaten both of them in previous elections by 3 to 1 margins.

I would very much appreciate the endorsement of the VSEA, but I am not seeking any money or other support. Knowing you stand behind a solid union-supporting ally is enough for me.

If you need anything more from me, please give me a call at 229-0878.

Sincerely,
Rep. Warren Kitzmiller
D-Montpelier, Washington 4
