

How to Authenticate This Official PDF Transcript

This official PDF transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. This document will reveal a digital certificate that has been applied to the transcript, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by Parchment, with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The Blue Ribbon Symbol: The blue ribbon is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

Invalid: If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Author Unknown: Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

Accreditation and Degrees Awarded

The Community College of Vermont has been a fully-accredited member of the New England Association of Schools and Colleges since December 1975. Through the Vermont State Colleges Board of Trustees, CCV awards the associate degree. Certificates of completion are awarded for non-degree programs.

Vermont State Colleges Transcript Information

CCV formally became a member of the Vermont State Colleges (VSC) system in September 1972. The five Vermont State Colleges are Castleton University (CU), Johnson State College (JSC), Lyndon State College (LSC), Vermont Technical College (VTC), and the Community College of Vermont (CCV). Beginning with the Summer 2002 term, courses taken and grades earned at any of the five colleges appear on the transcripts of all five schools. For most courses on VSC transcripts, the last letter of the course number indicates the college at which the student took the course, defined as follows:

C = Castleton University J = Johnson State College
L = Lyndon State College T = Vermont Technical College
V = Community College of Vermont

CR	*	Credit awarded or waived	

**Not used in computation of GPA*

Prior to summer 2002, it was the policy of the Community College of Vermont to record only satisfactorily completed coursework (courses with a grade of C or higher) on the transcript. No grade point average was calculated or listed on the transcript. Beginning with the Summer 2002 term, CCV has used the grade scheme shown above. The GPA reported on this transcript includes only GPA credits and grade points for coursework completed from the Summer 2002 term forward.

Amelioration Policy

In certain circumstances, a student may be granted a one-time amelioration of a previous semester's grades. The grades and credits for the term remain unchanged on the transcript. However, the GPA credits and grade points are removed from the calculation of the cumulative grade point average. Ameliorations are noted on the transcript.

Calendar and Credits

Each academic year is divided into two fifteen-week semesters and a summer term. All credits on the transcript are expressed as semester hour credits based on a fifteen-week semester.

Repeated Courses

Repeated courses are noted on the transcript. Credits for repeated courses are counted in cumulative attempted credits but not in cumulative earned or GPA credits. Only the most recently taken course is used in calculating the cumulative GPA.

Course Numbering System

Generally, the following numbering conventions are used throughout the Vermont State Colleges for the first digit of course numbers.

0	pre-college, transitional or remedial course*
1 or 2	lower-level undergraduate course
3 or 4	upper-level undergraduate course
5 or 6	graduate-level course
7 or 8	advanced graduate-level course

**Pre-college, transitional, and remedial courses (if graded) are included in the GPA calculation only for the terms in which they were taken. They are not included in the cumulative GPA calculation and the credits do not apply toward degree requirements.*

Release of Information

This transcript has been provided by CCV in compliance with the Family Educational Rights and Privacy Act, which prohibits the release of this material by other parties without the written consent of the student.

Authentication of this Record

An official transcript is printed on green security paper with the name of the college printed in white type across the face of the document. When photocopied, a security statement appears. A photocopy is not an official CCV document and should not be accepted as such. A raised seal is not required and the official signature of the Registrar is white on a green background.
