

Union Dues: An Investment In *Yourself!*

Here's a short list of what membership in the Vermont State Employees' Association (VSEA) provides to members, both active and retired:

Union Representation

VSEA offers union representation at no cost to existing members! In the event of disciplinary action we are here to support you.

Bargaining & Contract Enforcement

VSEA ensures that agreed upon employment conditions are adhered to by management. We protect your rights! VSEA assists members in bargaining for things such as Cost of Living Adjustments (COLA), step increases, health benefits, and so much more!

Grievances

Are you being asked to carry out duties that are not within the scope of your profession? We are here to help!

Labor Board Hearings

VSEA helps to address issues in the workplace by facilitating meetings between members and the Labor Board as well as providing representation during those meetings.

Make Your Voice Heard In The Legislature

VSEA helps members to take collective action by coordinating activities that impact decisions made by the legislature. We provide a voice to our members!

Additional Benefits

VSEA offers a wide variety of benefit packages such as supplemental vision and dental benefits as well as other benefits not offered by the state like AFLAC short term disability, cancer coverage, and long term care benefits!
