1. POLICY

It is the policy of the State to permit employees reasonable time off to care for dependent children in instances such as illness, birth, or adoption, and in cases of serious illness of a member of an employee's immediate family or for their own serious illness. Leave for such purposes is provided by both federal and state statutes ("statutory leave"). Vermont's Parental and Family Leave Act, 21 V.S.A. §470 *et seq.*, and the Family Medical Leave Act, 29 U.S.C. §2601 *et seq.*, establish the rights and obligations of employees and employers pertaining to such leaves.

The following provisions integrate the basic requirements of the statutes for this collective bargaining agreement ("Agreement"), but do not create a waiver by the State or by the employees of other rights and/or obligations under law or this Agreement. In the event of any conflict created by the amendment of statute or otherwise, the rights and responsibilities of the State and employees will be determined by statute, except to the extent that such amendments would diminish the rights to which the employee is entitled under the terms of this Agreement. No provisions of this Article shall be determined to diminish the entitlement of any employee to unpaid leave under either of the above referenced statutes. Leave taken under this Agreement shall be credited against any such statutory entitlement to the full extent permitted by law.

2. DEFINITIONS

For purposes of this Article, the following definitions shall apply.

3. RIGHTS AND RESPONSIBILITIES

(a) Responsibilities and Rights:

- (1) An employee is entitled to a total of twelve (12) weeks of unpaid statutory Family/Medical Leave and/or statutory Parental Leave within a twelve (12) month period beginning the first day either Leave is used. An employee is also entitled to Short-term Leave as further described below.
- (2) During the Family/Medical Leave and/or statutory Parental Leave, at the employee's option the employee may use up to twelve (12) weeks of any earned compensatory hours, accrued paid leave, including, but not limited to, sick leave, annual leave, personal leave or short-term disability insurance. No combination of paid and unpaid leaves shall extend the statutory Family/Medical Leave beyond twelve (12) weeks.
- (3) During any such leave, the State will continue to pay the employee's benefits at the same level and rate as if the employee were not on leave. After the Leave expires, the State will return the employee to the same position at the same level of compensation, benefits, seniority and other terms of employment as they existed on the day the leave began unless:
 - I. Prior to an employee requesting leave, the employee had given notice or received notice that employment would terminate; or
 - II. If the State can demonstrate by clear and convincing evidence that the employee's position would have terminated or the employee would have been laid off for reasons unrelated to the leave or the condition for which the leave was granted.
- (4) The employee must provide reasonable notice of intent to take a leave, the date of anticipated commencement and expected duration of the leave, and provide required certification or documentation of the need for leave, or the State may deny the leave. The employee must provide reasonable advance notice to the State if the employee wishes to request an extension of the leave, to the extent available. It is the State's option whether to permit an employee to return to work in advance of the expiration of the leave granted. The State may require an employee to continue to make their regular contribution to the cost of benefits during the leave. Unless the employee is on leave due to his/her serious health condition or safe leave, the State has the right to require the refund of any compensation paid during the leave, except for earned accrued paid leave, if the employee does not return to work.
- (5) The calculation of the amount of Family/Medical Leave or Parental Leave time used by employees who are employed less than full time or by employees using intermittent leave or reduced schedule leave will be made on a prorated basis consistent with applicable statute.

4. PARENTAL LEAVE – ADOPTION, PREGNANCY AND CHILDBIRTH

- (a) A leave of absence without pay shall be granted upon request for up to four (4) months, which includes any statutory Leaves, for employees (either parent) who have requested Parental Leave. Upon request the appointing authority may extend the leave an additional two (2) months. During approved leave extensions beyond four (4) months, this

VERMONT STATE EMPLOYEES' ASSOCIATION

Agreement's administrative leave provisions shall be applicable, including, but not limited to, the requirement that the employee shall pay one hundred percent (100%) of their insurance benefits. Notwithstanding the foregoing, if the approved leave extension results from the employee's serious health condition, this Agreement's medical leave of absence provisions shall be applicable, including the State's commitment to pay a portion of insurance benefits, so long as the employee continues to make required payment of their share of the premium.

(b) During the initial four (4) months of a leave, at the employee's option, the employee may use leave as specified under Section 3(a)(2) above. No combination of paid and unpaid leaves shall extend the Parental Leave beyond six (6) months.

(c) Notwithstanding the above, an employee may use accrued sick leave for the period of disability resulting from pregnancy, miscarriage, abortion, or serious health condition resulting therefrom.

5. FAMILY/MEDICAL LEAVE - LEAVE FOR SERIOUS HEALTH CONDITION

(a) In the case of serious health condition of an employee or their family member, Family/Medical Leave shall be granted on request and receipt of medical certification of the serious health condition, period of incapacity and the amount of leave time needed for recovery or to care for the family member. Such Family/Medical Leave shall be unpaid, except as provided in Section 3(a)(2) above.

(b) No combination of paid and unpaid leaves shall extend the statutory Family/Medical Leave beyond twelve (12) weeks. Notwithstanding the foregoing, even if statutory Family/Medical Leave is exhausted, this Agreement's sick leave, medical leave of absence and/or administrative leave provisions are still applicable and may provide for additional leave consistent with these provisions.

6. INTERMITTENT LEAVE/REDUCED LEAVE SCHEDULE

An employee who qualifies for Family/Medical Leave and/or statutory Parental Leave may take the leave as intermittent leave or on a reduced schedule when supported by medical certification or other documentation. If an employee is taking Family/Medical Leave and/or statutory Parental Leave due to the serious health condition of a family member, the employee may take intermittent leave or reduced schedule leave to provide care or psychological comfort to the family member. Employees must attempt to schedule the intermittent leave or reduced schedule leave so it does not disrupt the State's operations. The State may assign the employee to an alternative position within the same agency/department/work location for which the employee is qualified with equivalent pay and benefits to better accommodate the requested leave. If the State assigns the employee to an alternative position, once the need for the intermittent or reduced leave schedule is ended, the State will place the employee in a position which is the same or equivalent to the employee's position at the time the leave began. If the position is an equivalent position it will be within the same agency/department/work location as the employee's position at the time the leave began.

When an employee is granted Parental Leave after the birth or placement of a child, the State, in its discretion, may grant the employee's request for intermittent leave or reduced schedule leave. However, if the birthing person has a serious health condition in relation to the birth of a newborn then the provisions for intermittent leave/reduced schedule leave for Family/Medical Leave and/or statutory Parental Leave are applicable. If the newborn has a serious health condition, then the provisions for intermittent leave/reduced schedule leave for Family/Medical Leave and/or statutory Parental Leave are applicable to either parent. Prior to the birth of a child, a pregnant employee can take intermittent leave for prenatal exams or for their own serious health condition, (e.g., severe morning sickness, preeclampsia, gestational diabetes, etc.).

7. BEREAVEMENT LEAVE

(a) An employee may take up to two (2) weeks of the twelve (12) weeks provided in a twelve (12) month period due to the death of a family member, when supported by documentation. Leave may be taken in relation to the administration or settlement of the deceased family member's estate within one (1) year after the family member's death. At the employee's option, the employee may use leave as specified under Section 3(a)(2) above. No combination of paid and unpaid leaves shall extend the statutory Parental Leave beyond twelve (12) weeks.

(b) Notwithstanding the above, should an employee exhaust their statutory entitlement of Bereavement Leave, up to ten (10) days of sick leave may be authorized by an appointing authority or the delegated representative to permit a classified employee to be absent from duty due to a death in their immediate family.

8. SHORT-TERM FAMILY LEAVE

(a) In addition to the Leaves provided above, an employee shall be entitled to take unpaid leave not to exceed four (4) hours in any thirty (30) day period and not to exceed twenty-four

- (3) To accompany the employee's family member to other appointments for professional services related to their care and well-being.
- (4) To respond to a medical emergency involving the employee's family member.

(b) The State may require that the leave be taken in a minimum of two (2) hour segments.

An employee shall make a reasonable attempt to schedule appointments for which leave may be taken under this section outside of regular work hours. In order to take leave under this section, an employee shall provide the employer with the earliest possible notice, but in no case later than seven (7) days before leave is to be taken except in the case of an emergency. In this subsection, "emergency" means circumstances where the required seven (7) days' notice could have a significant adverse impact on the family member of the employee. At the employee's option, the employee may use leave as specified under Section 3(a)(2) above.

9. ALLEGED CRIME VICTIMS; RELIEF FROM STALKING OR ABUSE

(a) In addition to the Leaves provided above, an employee who is alleged in an affidavit filed by a law enforcement official with a prosecuting attorney of competent state or federal jurisdiction to have sustained physical, emotional, or financial injury or death as a direct result of the commission or attempted commission of a crime or act of delinquency shall be entitled to take unpaid leave from employment for the purpose of attending a deposition or court proceeding related to:

- (1) a criminal proceeding, when the employee is an alleged victim and the employee has a right or obligation to appear at the proceeding;
- (2) a relief from abuse hearing pursuant to 15 V.S.A. § 1103, when the employee seeks the order as plaintiff;

(1) "Family member" means an individual who is not identified in the affidavit as the defendant and is the alleged victim's:

- I. child, foster child, or stepchild;
- II. ward who lives with the alleged victim;
- III. spouse, domestic partner, or civil union partner;
- IV. sibling;
- V. grandparent;
- VI. grandchild;
- VII. parent or a parent of the alleged victim's spouse, domestic partner, or civil union partner;
- VIII. legal guardian; or
- IX. an individual for whom the alleged victim stands in loco parentis or who stood in loco parentis for the alleged victim when the alleged victim was a child.

At the employee's option, the employee may use leave as specified under Section 3(a)(2) above. No combination of paid and unpaid leaves shall extend the statutory Family/Medical Leave beyond twelve (12) weeks.
